**THIS LIST CANCELS ALL PREVIOUS LISTS**

This list cancels all previous lists. All stock offered is subject to being unsold. Prices quoted are NET cash with order. To customers who have established credit relations with us, payment is due on or before the 15th of the month following purchase.

Prices quoted for plants are in plastic pots. After several years experience with plastic pots, we are completely satisfied that for our conditions they are far superior to clay pots. They are light, clean, strong and save handling costs at all levels.

Once more we especially invite you to visit our greenhouses and see at first hand what we have to offer. Instead of writing directions on how to reach us, we are printing a map which will show many ways to reach our greenhouses from every direction.

There are many advantages of driving to our greenhouses and carrying back your purchases. If this is not possible the next best way is via Railway Express.

We have regular truck routes to Providence, Worcester and many other points. If you have any doubts as to whether we can include you on one of our truck routes we will be glad to advise you.

**You will find it to your advantage to call at our greenhouses and pick out your plants and take them right along with you.**

At our green houses you will find other plants than those listed on this price list. It is impractical to list the items that we only have a few of. You save express charges which are getting higher each year and to make it more desirable for you to **pick up and carry home** your purchases, we will allow a **5% discount** on **all purchases over \$10.00**, of **potted plants, filled Novelties and Dish Gardens**, and **all items** carried in our **Ceramic and Plastic display room**.

**CLOSED ON SUNDAYS**
